Useful Revision Books

Geography department top tips for revision

- Make sure you only revise the topics we have studied. We do not have to study all of the units
- Use the YouTube videos and flash cards etc. on cool geography – you can learn a lot visually and on your phone / tablet etc.
- Remember your command words – evaluate, assess, compare, contrast
- Make revision cards – it is good to 'condense down' the topics, then 're-inflate' them from your completed cards
