where you will find equation sheets, quick
quizzes and lots of practice questions

Science Department top tips for Revision

- Flash cards for learning key terms
- Practice all the questions you can!
- There is a lot to learn in Biology, start learning the names of all of the cells (and their organelles), organs and tissues. Don't stop if you think you understand it, you need to know it!
- Learn all the Physics equations and be able to use them
- Develop your maths skills so that you can do all the calculation questions
