

BLESSED ROBERT SUTTON CATHOLIC VOLUNTARY ACADEMY

Internal Appeals Procedure 2024/2025

Internal Appeals

This procedure confirms the centre (BRS) is compliant with JCQ's General Regulations for Approved Centres (section 5.3z, 5.8) and that it will:

- have in place and for inspection that must be reviewed annually, a written internal appeals procedure which must cover at least appeals regarding internal assessment decisions, access to post-result services and appeals, and centre decisions relating to access arrangements and special consideration
- draw to the attention of candidates and their parents/carers the centre's written internal appeals procedure

This procedure covers appeals relating to:

- Internal assessment decisions (centre assessed marks)
- Centre decisions not to support an application for a clerical re-check, a review of marking, a review of moderation or an appeal
- Centre decisions relating to access arrangements and special consideration
- Centre decisions relating to other administrative issues

Appeals relating to internal assessment decisions (centre assessed marks)

Blessed Robert Sutton (BRS) is committed to ensuring that whenever its staff mark candidates' work this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Certain qualifications contain components/units of non-examination assessment, controlled assessment and/or coursework which are internally assessed (marked) by centres and internally standardised. The marks awarded (the internal assessment decisions) which contribute to the final grade of the qualification are then submitted by the deadline set by the awarding body for external moderation.

BRS ensures that all centre staff follow a robust policy regarding the management of non-examination assessments including controlled assessments and coursework, including the marking and quality assurance/internal standardisation processes which relevant teaching staff are required to follow.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity and who do not have any potential conflicts of interest. If AI tools have been used to assist in the marking of candidates' work, they will not be the sole marker. BRS is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

1. BRS will ensure that candidates are informed of their centre assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body.
2. Candidates will need to explain on what grounds they wish to request a review of an internally assessed mark as a review will only focus on the quality of work submitted.

3. BRS will inform candidates that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
4. BRS will, having received a request for copies of materials, promptly make them available to the candidate under supervised conditions (candidates will not be allowed access to original assessment material unless supervised, e.g. assessment materials such as artwork or recordings will be shared under supervised conditions).
5. BRS will provide candidates with sufficient time (five working days) to allow them to review copies of materials and reach a decision.
6. BRS will provide a clear deadline for candidates to submit a request for a review of the centre's marking. Requests will not be accepted after this deadline. Requests **must** be made in writing. BRS will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
7. BRS will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate for the component in question and has no personal interest in the outcome of the review.
8. BRS will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
9. BRS will inform the candidate in writing of the outcome of the review of the centre's marking.

The outcome of the review of the centre's marking will be made known to the head of centre who will have the final decision if there is any disagreement on the mark to be submitted to the awarding body. A written record of the review will be kept and made available to the awarding body upon request.

The moderation process carried out by the awarding body may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that centre marking is in line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.

Appeals against decisions to reject a candidate's work on the grounds of malpractice

The JCQ [Information for candidates documents](#) (Coursework, Non-examination assessments, Social media) which are distributed to all candidates prior to relevant assessments taking place, inform candidates of the things they must and must not do when they are completing their work.

BRS ensures that those members of teaching staff involved in the direct supervision of candidates producing work for assessments are aware of the potential for malpractice.

Malpractice by a candidate discovered in a controlled assessment, coursework or non-examination assessment component prior to the candidate signing the declaration of authentication does not need to be reported to the awarding body but will be dealt with in accordance with the centre's internal procedures. The only exception to this is where the awarding body's confidential assessment material has potentially been breached. The breach will be reported to the awarding body immediately.

If there are doubts about the authenticity of the work of a candidate or irregularities are identified in a candidate's work before the candidate has signed the declaration of authentication/authentication statement (where required) and malpractice is suspected, BRS will follow the authentication procedures and/or malpractice instructions in the relevant JCQ document (*Instructions for conducting non-examination assessments/Instructions for conducting coursework*) and any supplementary guidance that may be provided by the awarding body. Where this may lead to the decision to **not** accept the candidate's work for assessment or to reject a candidate's coursework on the grounds of malpractice, the affected candidate will be informed of the decision.

If a candidate who is the subject of the decision disagrees with the decision:

- The candidate must submit a written request, setting out as clearly and concisely as possible the grounds for the appeal including any further evidence relevant to supporting the appeal

The candidate will be informed of the outcome of the appeal in writing.

Appeal relating to centre decisions not to support an application for a clerical re-check, review of marking, a review of moderation or an appeal

This procedure confirms that Blessed Robert Sutton (BRS) is compliant with JCQ's **General Regulations for Approved Centres** (section 5.13) that the centre will:

- have available for inspection purposes and draw to the attention of candidates and their parents/carers, a written internal appeals procedure to manage disputes when a candidate disagrees with a centre decision not to support an application for a clerical re-check, a review of marking, a review of moderation or an appeal

On results day senior members of staff are available immediately after the publication of results to advise candidates and to ensure all candidates are made aware of the arrangements for post-results services. If the centre or a candidate (or his/her parent/carer) has a concern and believes a result may not be accurate, post-results services may be considered.

The JCQ post-results services currently available are detailed below.

Reviews of Results (RoRs):

- Service 1 (Clerical re-check)
This is the only service that can be requested for objective tests (multiple choice tests)
- Service 2 (Review of marking)
- Service 3 (Review of moderation) **This service is not available to an individual candidate**

Access to Scripts (ATS):

- Copies of scripts to support reviews of marking
- Copies of scripts to support teaching and learning

Where a concern is expressed that a particular result may not be accurate, the centre will look at the marks awarded for each component part of the qualification alongside any mark schemes, relevant result reports, grade boundary information etc. when made available by the awarding body to determine if the centre supports any concerns.

The centre will:

- consider accessing the script by:
(where the service is made available by the awarding body) requesting a priority copy of the candidate's script to support a review of marking by the awarding body deadline or

(where the option is made available by the awarding body) viewing the candidate's marked script online to consider if requesting a review of marking is appropriate

- Collect informed written consent/permission from the candidate to access his/her script
- On access to the script, consider if it is felt that the agreed mark scheme has been applied correctly in the original marking and if the centre considers there are any errors in the marking
- Support a request for the appropriate RoR service (clerical re-check or review of marking) if any error is identified
- Collect informed written consent from the candidate to request the RoR service before the request is submitted
- Where relevant, advise an affected candidate to inform any third party (such as a college) that a review of marking has been submitted to an awarding body

Written candidate consent is required in all cases before a request for a RoR service 1 or 2 is submitted to the awarding body. Consent is required to confirm the candidate understands that the final subject grade and/or mark awarded following a clerical re-check or a review of marking, and any subsequent appeal, may be lower than, higher than, or the same as the result which was originally awarded. Candidate consent must only be collected after the publication of results. Hard copy forms will be available in school on results day and consent via email post results day is acceptable provided it is received before the published deadline.

For any moderated components that contributed to the final result, the centre will:

- Confirm that a review of moderation cannot be undertaken on the work of an individual candidate or the work of candidates not in the original sample submitted for moderation
- Consult the moderator's report/feedback to identify any issues raised
- Determine if the centre's internally assessed marks have been accepted without change by the awarding body – if this is the case, a RoR service 3 (Review of moderation) will not be available
- Determine if there are any grounds to submit a request for a review of moderation for the work of all candidates in the original sample

Where a candidate disagrees with a centre decision not to support a clerical re-check, a review of marking or a review of moderation, the centre will:

- For a review of marking (RoR service 1 or 2), first advise the candidate to access a copy of his/her script to support a review of marking by providing written permission for the centre to access the script for the centre to submit this request
- After accessing the script to consider the marking, inform the candidate that if a request for a review of marking (RoR service 1 or 2) is required, this must be submitted by the deadline set by the centre by providing informed written consent (and the required fee for this service) for the centre to submit this request
- Inform the candidate that a review of moderation (RoR service 3) cannot be requested for the work of an individual candidate or the work of a candidate not in the original sample

If the candidate (or their parent/carer) believes there are grounds to appeal against the centre's decision not to support a review of results, an internal appeal can be submitted to the centre prior to the internal deadline for submitting a request for a review of results.

The appeal should be made in writing to the head of centre stating the details of the complaint and the reasons for the appeal.

Following the RoR outcome, an external appeals process is available if the head of centre remains dissatisfied with the outcome and believes there are grounds for appeal. The JCQ publications **Post-Results Services** and **JCQ Appeals Booklet** (A guide to the awarding bodies' appeals processes) will be consulted to determine the acceptable grounds for a preliminary appeal.

Where the head of centre is satisfied after receiving the RoR outcome, but the candidate (or his/her parent/carer) believes there are grounds for a preliminary appeal to the awarding body, a further internal appeal may be made to the head of centre. Following this, the head of centre's decision as to whether to proceed with a preliminary appeal will be based upon the acceptable grounds as detailed in the **JCQ Appeals Booklet**. Candidates or parents/carers are not permitted to make direct representations to an awarding body.

The appeal must be made in writing to the Head of Centre within 7 calendar days of the notification of the RoR. Awarding body fees which may be charged for the preliminary appeal must be paid to the centre by the appellant before the preliminary appeal is submitted to the awarding body (fees are available from the exams officer). If the appeal is upheld by the awarding body, this fee will be refunded by the awarding body and repaid to the appellant by the centre.

Appeals regarding centre decisions relating to access arrangements and special consideration

In accordance with JCQ's **General Regulations for Approved Centres (Section 5.3z)**, the centre (BRS) will

- comply with the principles and regulations governing access arrangements and special consideration as set out in the JCQ publications **Access Arrangements and Reasonable Adjustments** and **A guide to the special consideration process**
- ensure that all staff who manage and implement access arrangements and special consideration are aware of the requirements and are appropriately supported and resourced

Failure to comply with the regulations have the potential to constitute malpractice which may impact on a candidate's result(s).

Examples of failure to comply include:

- putting in place access arrangements/adjustments that are not approved
- failing to consider putting in place access arrangements (which may be a failure to comply with the duty to make reasonable adjustments)
- permitting access arrangements/adjustments within the centre which are not supported by appropriate evidence
- charging a fee for providing reasonable adjustments to disabled candidates

Special consideration

Where BRS can provide signed evidence to support an application, it will apply for special consideration at the time of the assessment for a candidate who is affected by adverse circumstances beyond their control when the issue or event has had, or is reasonably likely to have had, a material effect on the candidate's ability to take an assessment or demonstrate his or her normal level of attainment in an assessment.

In circumstances where a candidate does not meet the criteria for, or there is not enough evidence to support the implementation of an access arrangement/reasonable adjustment or the

application of special consideration, BRS may decide not to apply for a specific reasonable adjustment or special consideration.

If a candidate who is the subject of the relevant decision (or the candidate's parent/carer) disagrees with the decision made and reasonably believes that the centre has not complied with its responsibilities or followed due procedures, a written request setting out the grounds for appeal should be submitted. This should be made in writing to the head of centre stating the details of the complaint and the reasons for the appeal.

To determine the outcome of the appeal, the head of centre will consult the respective JCQ publication to confirm the centre has complied with the principles and regulations governing access arrangements and/or special consideration and followed due procedures.

The appellant will be informed of the outcome of the appeal within 7 calendar days of the appeal being received and logged by the centre.

Appeals regarding centre decisions relating to other administrative issues

Circumstances may arise that cause BRS to make decisions on administrative issues that may affect a candidate's examinations/assessments.

Where BRS may make a decision that affects a candidate or candidates:

If a candidate who is the subject of the relevant decision (or the candidate's parent/carer) disagrees with the decision made and reasonably believes that the centre has not complied with the regulations or followed due process, a written request setting out the grounds for appeal should be submitted. This should be made in writing to the head of centre stating the details of the complaint and the reasons for the appeal.

To determine the outcome of the appeal, the head of centre will consult the respective JCQ publication to confirm the centre has complied with the principles and regulations governing access arrangements and/or special consideration and followed due procedures.

The appellant will be informed of the outcome of the appeal within 7 calendar days of the appeal being received and logged by the centre.

This procedure is informed by the JCQ document [A guide to the awarding bodies' appeals processes](#) (7)
